In other words — and this is the rock solid principle on which the whole of the Corporation's Galaxy-wide success is founded — their fundamental design flaws are completely hidden by their superficial design flaws.

**Blut aus Nord** - Epitome III

---

The language of *Draugaborg* is *Draugskur*. The demonym is *Draugaborgskúr*(male) or *Draugaborgskö* (female), both plural and singular. The adjective is *Draugaborgar*. *Draugskur* is a constructed and artistic language created by me, and is based mainly on Icelandic and Russian. Please note that its systems and grammar may be modified, so certain posts will be rendered void in retrospect.

Beethoven's 9th Symphony

*"It is the ultimate irony of history that radical individualism serves as the ideological justification of the unconstrained power of what the large majority of individuals experience as a vast anonymous power, which, without any democratic public control, regulates their lives."*

Title translates to "Baby Is Proud". Baby as in woman, not actual baby.

Not Because the Fox Barks, Current 93.

I think that's the first time in a year or two I've had my attention immediately drawn to a guitar solo.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
