I nearly got blinded reading the overview. And that Konrad Svoboda has a way with words when it comes to storytelling about a battlefield.

The Loulan Kingdom was a political entity in Central Asia that existed in the Medieval age. It used to be one of the quasi-independent states that were part of the Protectorate General of the Tang dynasty. The Loulan Kingdom was later subjected into the Western Liao in 1132.

The Pan-Asiatic States considers as "allies" the nations that share similarities with Pan-Asia when it comes to ideology and other factors. They're supported by the PAS economically, diplomatically and militarily. As of the date i'm reading this, there are 22 of these nations.

The State of Inkopolitia

Possessing major influence on Earth ever since the end of World War II, Inkopolitia is characterized by being the homeworld of the Inkling and Octoling races, and being an emerging superpower in an ever-polarizing world.

It appears that the Brazilian State controls what is in our timeline Columbia, Venezuela, and the Guyana Shield. This can be interpreted thusly: New Squidland has the following states: Inkopolitia, Brazil, Chile, and *possibly* Argentina.

There are 5 nations in South America (As of now)

- Inkopolitia
- Klein-Venedig (Venezuela but it controls the Guyanas and it's German)
- Patagonia
- Brazil
- Argentine Confederation

I haven't started the World factbook yet, though, so this isn't set in stone and

By default Godulans are unable to biologically reproduce though it is still an option for the... adventurous.

Contrary to popular belief it is neither corporate, nor a republic

But rather an autocratic hyperlibertarian archipelago of raving immortals amidst a shattered Earth where one in three nations could be considered a naval superpower.

The Godulans are said to be very adept engineers. They also enjoy designing things just for fun. Curiously, some weapons of the Godulans are the result of people getting particularly enthusiastic on BBQs.

The Supreme Bishop is the highest position in the Thermodolian Christian clergy.

The Avant-Gardist State of Patagonia *... Gauchos and Mapuches, orgies and parties, avant-garde art, futurism, syndicalism, the New Man, general strikes, the glorification of violence, spiritual nationalism, esoteric occultism, CIA spooks, Spartanian homosexuality, public sodomy, and more*

Triomphe du Surréalisme (1968)

- There are many things said about Patagonia but few actually know what goes on behind the Andes mountains. Tales of human depravation and man's inner darkest self run wild. A place where avant-garde culture flourish and the artist don't fear the censor. Where all live bold and free under the gaze of the Patron. Yet all dreams will come to an end soon...

Inkopolita became independent in 1834 after a century of fighting against colonizers and waning support in their pre-colonial monarchy.
