The Ascent of Everest-From This Vantage

The rest isn't as good as the 2nd song on the album, but it's still interesting enough. The rest of the album has like a completely different post-rock feel to the 2nd song.

The Mars Volta-Roulette Dares (The Haunt Of)

#2 on RYM for 2003....Definitely a time when I disagree with a RYM rating. Not even the best The Mars Volta album in my opinion, but I'm still not a huge fan of them, anyway...The vocals just still don't really do anything for me

Except my "marathon" only meant scrobblewise, again. Still need to shove cosmic amounts of music to the phone, only in E (adding by artist) so far... and it's 4th day adding...
