Every time someone says I'm a German Empire or DDR clone

I don't understand how this is possible.

First off, neither the Kaiserreich or Deutsche Demokratische Republik had the colour grey on their flag. If your flag reminds me of anything, it is one of my old flags for Nyoskova. **Secondly**, I cannot imagine such a nation like the German Empire or East Germany on NS being in a region called "Anarchy." **Thirdly**, their list of small weapons in their fact book doesn't include the Luger P08 or the Pistole M.

If the Vuperanian Union is literally East Germany or the German Empire, then Nyoskova is literally the Emerald Enclave.
