[Party Day - Borderline](#)

(I'm combing through a Goth Rock/Darkwave playlist)

Poverty-stricken, apocalyptic cesspool of nuclear waste, vast steppe and mountains being ruined by state-run industry, horrifying detention centers filled with innocent people, an insane religious cult centered on a sadistic dictator, mass public executions, nightmarish soviet-era industrial cities, and constant international tension and civil wars. Book your tickets today, just don't expect to go back home the way you got here.

Welcome Royal Charlie, performed by The Corries

When I kept listening to this it reminded me of a separated Scottish nation after Brexit outcomes.
