Ignores that rent is skyrocketing due to foreigners buying up land in places they don't even live in, making this an issue beyond an individual's control. Yeah, typical status quoist snob. I suppose, what a disaster.

So anyway I started blasting.

Nation's views are **NOT** representative of my political views IRL, although some views may or may not match. Will **NOT** disclose which views specifically.

NS stats (civil rights/economy/political freedoms) mostly NOT canon. There are some civil rights and liberties and political freedoms in Vertillia but the government is mostly authoritarian, especially when it comes to immigration, climate change, crime, and punishment.
