I daresay that I see a great number of parallels between us, and I hope that you will not be offended when I say that such similarities are more than ample reason for us to steer clear of each other! Should we ever meet in person, I'm certain that the resulting conflagration would immolate half a galaxy, and that is a conservative estimate! All the best!" -[KazRamael](#)

The King of Thakia, Antimonos the Second, is a man who has done lots for his nation. His respected and liked by our nation. He leads well and deserves the honor of his allies and enemies. He is cunning, but in the good way. We hope to meet with him, as he would be a great help to us and we could to his nation. His actions are especially rewarding to his cause and people, as they are now both feared and thought of throughout the world.
