Feel kinda like crap (And have all day), but I have 3 albums left to go through!

I spent too much time on GTA V, I needed to finish music instead!

Orange Tulip Conspiracy-Holy Roller

The more metal stuff on this album is some of my favorites. I like the whole album but they play a lot of styles of stuff I don't really get into all that much. Like a particular style of jazz.

I swear Carla Kihlstedt is in a gazillion bands. Great vocalist, though.
