drabyaz, singing maramrochora.

and no, i don't have the slightest idea what any of it means.

i THINK its popular music from nepal, but i wouldn't swear even to that, at least i think that's what the site i got it from, however many years ago, may have been about.

well that ended and now its eric snelder's - the source of scarlet dreams (i guess a sample since it was kind of short)

(music player on the computer randomly picking through my collection  
and playing them)

and now we've got ziya fennec's - "sege" from his alblum "gallery" (i'm  
really diggin orchestral epicness)
