Pfff, pansies. Don't they know it's your constitutional right as a Ural Circle citizen to wildly fire your guns in the air in celebration of your daughter getting married?

South Africa's government actually gives a shit about the white minority,
apparently.

A corporate dictatorship run by supremacist Anglo-Protestants who have an
intense hatred for all things Catholic, Latin, Irish, Jewish, Orthodox, and Slavic.
Basically if 19th century American nativists and 1930s British fascists decided to
found a country together. Also the state religion is a vicious war-cult that
believes the "inferiors" must be conquered wherever possible.

"3 minutes to midnight"

for a city-state this country seems pretty close to being involved in nuclear war

In the 1930s, Stalin attempted some settler-colonialism in an uninhabited territory with the goal of making a Marxist-Leninist outpost. Eventually evolved into its own thing as it grappled with the realities of the new continent. Has a large Korean and Chinese population though they are starting to be pushed out.
