Huh, what do we have there? A poor soul led down a horrible rabbit hole by alcohol. He might be a monarch, but it is indeed sad to see how low a human can land, and not only affect themselves, but their family as well. Anyway, let's unpack what he has on the table.

Prebom, with pneumonia and lung damage at such young age? If I was a human, I perhaps could even feel a lot more pity about such a hard childhood. Like a lot of other royals, his life seems to have been sheltered - a balance between lavish and spartanist lifestyle is the best. That said, I don't particularly care about his school/university adventures.

His career before him becoming a king seems to have been related to law things, and he seems to have even been good enough at it. His frustration of not being able to run for the post he wanted is understandable, but such is a life for someone who is in a direct succession to a throne. Luckily, we freed some such individuals back at the home from such misery, and their souls hopefully reached their loved ones. His father's death seems to have come at a wrong time, though - it intensified something he was struggling with already for years.

At last to the politics... He seems to be somewhat "conservative", particularly on political change and abortion, but so far he still seems like a

milquetoast democratic leader with which world is full. His economicss are the same "planned economy bad, but laissez-faire also bad", and there is nothing surprising. I would also say that he is too democratic, but he would maybe take that as a compliment... If his nation lasts, his people are up for a rude awakening.

Regarding Le Roi de fer,

Die Wacht am Rhein, alongside *Was ist des Deutschen Vaterland*, have got to be some of the most despised 'chansons' I've been cursed with hearing before.

In my opinion the actions of man will always outweigh his intentions and beliefs, and Herr Oswald can preach social conservatism, tradition, and working-class backing for all eternity, but that will never overshadow his nation of barbarians who perpetuate this fight against The Francois Republic. Until the powers of Roberto end the conflict brought upon the international scale, anything other than proclamations of death to Herr Oswald is a crime for which there is no cure.
