A stateless society with no currency and a beautiful environment... ah, it does sound nice! Unfortunately, I don't think I could live there. The lack of electricity or post-industrial technology is a dealbreaker for me.

I don't think I could every live in a nation that says they hate nature. Btw, Baizou isn't in Africa...

My nation - which is pretty much just a unified Korea with some extra territory - represents my real views, as does pretty much anything I say on the forums. NS stats only broadly representative. Feel free to call me Q&K, Quartia, or any other nickname.

I mean, perhaps if I was younger.

But now I have forsaken my gamer ways. I literally only play this, Politics and War, GTA: San Andreas and rarely Terraria now.
Trust me, it hurts me too.

I think I'd enjoy living in Karafuto. It's a unique diasporic Japanese community, and I might even have a chance to visit some nature and see a red panda!

I don't feel any need to live in there.

Our nation is Poland, but there was a great Nazbol revolution, which overthrew the PZPR and freed Poland from USSR, in 1993. The Iron Curtain still exists, but it has changed its borders.

Though usually I would side with Lil' Nazbol gang, as it is based, I don't think a National Bolshevik country would be as pog as it is on paper.
