I'm not really that religious. I'm more like a cultural Christian. Why? Everything has to be either full left wing or full right wing?

You're right. That doesn't exist in bible nor that kind of ideology exist in typical political compass either. It was something "above" from that stupid compass

Edit: You can't comprehend it because you don't know ideologies mix. Probably an American too that participate fervently in their obvious bullshit 2 party politics. That's why market socialism, democratic socialism and countless syncretic ones existed.
