Born out of unrest, North American destabilization, and civil war within the United States, the Free Republican Union is a rebirth of the American ideal and frame of mind through Republican principles and values. I don't use NS stats.

A romanticism of the American Dream

I'd say this nation is about 85-90% representative to my beliefs

About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

I'm probably in the minority, but I actually pay more attention to in game stats than to roleplay
