If proven (four reliable eye-witnesses) and the wife is free, sane and over a minimum age: death by stoning. However since there have been no executions by stoning since the 1870s.

The only kind of propaganda that is illegal is that belonging to or in support of an enemy during war. Any who distribute enemy propaganda would be, at the very least, imprisoned for the duration of the war and fined proportionate to their personal wealth.

A few fines for skirting and almost entirely bypassing the legal system for adoption, which vary from 150 to 10,000 donars depending on what was done. If the fines are unpaid in due time however they will be paid through organ harvesting or mandatory (paid) labor, where a portion of the income goes into paying off the fines, while the rest is akin to welfare because we aren't TOTAL monsters.

False advertising or selling false products that don't actually do what they are supposed to do, as part of a massive national or even international scam?

Minor shoplifting is up to 10 lashes or one year in prison. In addition to either of these punishments a fine can be imposed.
