Supplicants, Indian.

It's like a respite after the unrelenting assault that is the previous tracks. Lovely. Still ominous and fitting with the tone, yet at the same time pretty.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Pretty good. It's like a mix of post rock and sludgy stuff. Heavy but there's no vocals.

I need to listen to more Pelican.

Bone Awl - White with Sepulchers

The language of *Draugaborg* is *Draugskur*. The demonym is *Draugaborgskúr*(male) or *Draugaborgskö* (female), both plural and singular. The adjective is *Draugaborgar*. *Draugskur* is a constructed and artistic language created by me, and is based mainly on Icelandic and Russian. Please note that its systems and grammar may be modified, so certain posts will be rendered void in retrospect.

Sweet guitar riff. At least, the dramatic transition makes it sweet.
