What is Project Phoenix exactly?

The Nazis have relocated to safe havens in Latin America via the Ratlines. Under a clandestine cell system, they set up and manage their own paramilitary forces, and these groups share a single goal: start scheisse and set up a Fourth Reich.

The United Commonwealths of Scytharum

Welcome to the home of all the cheese you could ever dream of! Scytharum has many vacation spots, protected civil liberties, a strong and capable military, and many opportunities! Get yourself some Scythaic cheese today and indulge in the cheddar capital of the world! We're much, much better than the German and Ottoman Empires in our liberties and cheeses, what else could one ask for?

Also, I changed Scytharum's flag to look less authoritarian. The old flag isn't gone, since it's the new War Flag, but the new flag should hopefully not be screaming "human rights violations".

"I shall return the captivity of My people Israel and they shall build the waste cities and settle... I shall plant them upon their land, and they shall no more be plucked out of their land that I have given them", says GOD, your GOD." (Amos 9:14-15)

About: A cyberpunk, post-apocalyptic, biblical Jewish state that spans the Nile to the Euphrates, acquired through 20 years of cataclysmic bloodshed. A shockingly racist system has evolved among its 429 million Jews and Gentiles and all of Mecca and Medina has been demolished, replaced by suburban housing and speculative real estate developments.
