Myrath - Braving the Seas

Tunisian prog metal.

There are songs I like on that album but I don't really think I like the whole album as a whole. I keep going back to only one song.

Yes, it's rather... repetitive album. Like, sounds too much of the same. This is just the second time I'm listening to this album, 4 out of 12 songs were really good but the rest were just meh.

Myrath - Tales of the Sands

This isn't one of those four.

And I take back what I said about it, this album is definitely a grower, I had to bump that song from 4/5 to 5/5. Better than I remembered.

Well, Dawn Within wasn't all that awesome after all... dropping from 5/5 to 4/5. Album's score remains unchanged ☐

Johann Johannsson-Bad

I had the plan to go back to bed again, and I'm just pointlessly sittin' here, feeling worn out and tired (STILL), listenin' to mellow music...

I'm not even doing anything...There's nothing to really do right now. Just sittin' here in the dark.

I think there was one song on the end of that album that I actually thought verged on being bad...It just irked me for some reason.

Have to wonder why my rating is an 8...I need to give it a re-listen.
