Kneel To The Cross, Agalloch.

daaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaam.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

"to you they are birds, to me they are voices in the forest" -- sleepmakeswaves

Why third-wave post-rock bands feel compelled to make their song titles extremely long and in lower case is something I do not comprehend.

I see a lot in upper case as well, but both Red Sparowes and sleepmakeswaves seem to have a whole album with lower case songs. Kinda weird. Great bands though, and to me, honestly, the songs names are usually great as well. More meaningful then a lot of the popular songs names.

Interesting video. Strange, but interesting. It's one of those videos that don't make sense, and that's kind of the point, and a lot of times are some of the best videos ever.

Checkin' out how Linkin Park's new album sounds, since I gave them credit for being more creative and 'original' with their last album compared to almost everything else they did. So I have more hope in Linkin Park now. Still, me liking their songs is very selective, but so far even with this album, I give them credit for being different then their last album, and different then their other stuff as well. At least they got out of their 'selling out' state or whatever you call it.
