Ellese is a highly religious (it was the first nation in the world to adopt Christianity as its religion, and was at least partially formed as a Christian nation), strangely rich nation made mostly up of steppes, with some mountains, in the gap between the Caspian Sea and Ukraine. It was a monarchical dictatorship up until about 2 years ago when the Fer abdicated and it became a democracy.

Uses NS stats... Wahhhh!!

If you're going to make a totally original nation on NS, might as well work towards getting your desired stats instead of writing it all down in a factbook.
