I dont know why but I'm thinking Quebec

I personally use NS stats. The stats and policies more so reflect my political views than they do my personal beliefs.

Given the fact, your factbooks basically described an ideal Cuba revolution rather than the really bloody and terrible one that did occur, I think it's safe to say you didn't experience something similar to that first hand. I can also guess from the fact your region is basically utopian communist you haven't lived in a communist society or a society that was wrecked by communism. Certain American states are all the rage about communism, like California for instance. Your English isn't amazing, but that could just mean you're young. I wish I could narrow you down more, but I'm going to say one of the Blue States in America. Final Answer.

Puerto Rico

Kabzeel, meaning "God's Gathering" in hebrew, is a *federal, dominant-party, socialist(non-marxist)constitutional monarchy* with a rich Jewish heritage dating back to it's creation in 845 CE. Today, it spans almost the entirety of Eastern Europe and is the largest predominately Jewish and female-led state in the world as it follows the doctrine of "*Royal Socialism*", a paternalistic conservative ideology with an emphasis on socialization, social ownership, and conservative feminism. Its relationship with Israel is noticeably rocky, but this is due to the ongoing complications between Kabzeelian and Israeli Zionism.
