Based on post count, well known.

Our nation has twenty-one provinces, four regions, and four capitals. And before you ask, Pink Castle City is called that for its pink castle, Pink Castle City's main building.

Ive seen them a fair amount of times, relatively known but not super well known

La Ferra Suprema Reigns Supreme over the vast lands of Stella Nera
A land where humanity is king, above god and devil alike. A blissful Utopia for Humanity, a horrible Dystopia for sentient robots.

Robots shouldn't have rights or citizenship;
Compromise on other non-human sapient entities is possible, with limitations, but not on these buckets of bolts. They should serve humanity and have absolutely no place in society other than as our servants. Think of the benefits of this. Plus, they would almost certainly overtake humanity if we gave them the chance, whether out of pure advanced abilities or malice, or worse, both. Think of humanity.

Based on post count and personal experience (I've been seeing Lycantine a lot at some points of time), known in F7 and unknown outside of F7.

Hello there. I'm **Simonian**.

Our nation has twenty-one provinces, four regions, and four capitals. And before you ask, Pink Castle City is called that for its pink castle, Pink Castle City's main building.

Relatively well known on RP forums and F7, despite rather low post count.
