**Pauxia** is an MT, Type 6 Civilization that follows a modified form of National Socialism. It is situated in a fictional continent called Orlica, which has an approximate size of real life North America. In Pauxia, preserving our own race is an important priority. People of different race would be deported or be killed in a genocide.

#### **NATION SWALLOWED UP IN DARKNESS**

After what seemed to be 10 minutes, Casvania was plunged into darkness. However when the sky brightened again, it was found that Casvania & [The Smithtonian States](#) had been swallowed up by an odd occurrence called a dimensional rift- for two weeks. After the incident, Theodore Griffin, the leader of Smithtonia, was found dead, and Warren Blyth resigned.

This nation does not represent my political beliefs, but I use it as a challenge to try and pull it back to a good country.

**Ergatocracy** (from the Greek word ἐργάτης, ergates, "worker" and the suffix -cracy, "government") is a type of government dominated by the labour and solidarities similar to communist beliefs. It refers to a society ruled by the working class.

#### **Rapture City**

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.
