Ponies: Yes, occasionally  
Tech levels incompatible? Then kick me out of the thread, because if you RP with me you accept my tech.  
Note: Before 2480, Olwe was called Athan. If you see this word in a thread, it's because you mentioned a year incompatible with Olwe in that thread but still made it open to all techs and therefore are allowing Athan's magic.

*Wonderful Life* - Seed

Same for me.

People just hate on Dubstep a lot, because it's the cool thing to hate on or something. Yeah, most of it is shit, but I've found some I enjoy. I just mostly like the powerful electronic sounds of Dubstep.

Gotye-Somebody That I Used To Know.

Surprised how huge this song got. It grew on me hearing it on the radio, and now it is freaking huge.

I've got the same thing with the song I'm listening to now ([Skinny Love by Birdy](#)). I heard of it before it really took off, but after that, damn, it went quickly. And for a 15 year old she is very very very talented.

Niice. I have a few like that, with young talented people, like [Maddi Jane](#) and the singer for [Vazquez Sounds](#), who I think her accent makes her singing sound cooler.

Wormrot - *Rapid Abortions Of Ridiculous Proportions*

CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
