Constitutional monarchy with stratocratic elements

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.

Judging by the historical significance behind that flag, probably a protectorate of a far-right nation

Official translation of our motto: For the future!  
Here is the 'principality of progress', ruled by Prince Liucijus I, who has implemented a series of reforms ever since his coronation in order to modernize the country.
