It matters little how many X are Y so long as special provisions for Y-ness

5/10, the first thing I thought of was imperial Japan. But it also doesn't look evil at all, but then again.

Note: Many factbooks are in a constant state of WIP or being considered for entire rework or deletion

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.

4/10. Not necessarily the most sinister-looking flag, but it kind of has a slight South Africa feel to it.

5/10 merely because the symbolism is subjective and it can be seen as either evil or heroic.
