Z-Day has ended, all dead citizens will unexpectedly be revived now.

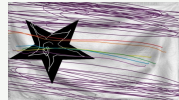

Oh, that's good. Glad to see that the process of death, the infection of a new alien-like pathogen that defies contemporary scientific logic, the loss of limbs and blood and the general millions who had become zombies can just become... *revived*.

We're fighting a costly, not at all drawn-out war against the Roman cosplaying enslaving scumbags known as Caligulas Legion! Suck it and die from your 'headaches', you bald b*stard.

Are you aggressively coked-out? Do you join regions for no reason? Do you like copious amounts of drugs, eating Mexican food from taco trucks and the searing hot desert sun? Join Calexico and Mexicali then, moron.

Do you too wish to patrol the Senora, almost making you wish for a nuclear winter? If so, consider joining our Embassy Program
