Formerly [Videssos](#). Just a femboy-obsessed degenerate. Also interested in history, mythology, fantasy, science fiction, metal and some other stuff.

A little bird told me, "Go, Go! Socialise! Talk to those fine people! And then, KILL EVERY LAST ONE OF THEM! Plunge your knife into their throats when they ain't lookin', and then burn 'em to the ground!"

Well that's silly, isn't it?

CYNIC, n. A blackguard whose faulty vision sees things as they are, not as they ought to be. Hence the custom among the Scythians of plucking out a cynic's eyes to improve his vision.

"Foreign" (foreign designation may vary depending on where you're from) language torch song versions of jazz standards, apparently...for instance I now am in love with [Dream a Little Dream](#) in French (can't find the one I really like but this is good too), or [Fly Me to the Moon](#) in Portuguese.

I also recently found out there was a super 90s version of Jesus Christ Superstar that apparently features [M. Bison](#) as Pilate that has been cracking me up for a few days. Jesus wears cargo pants.

"...I have been gravely disappointed with the white moderate. I have almost reached the regrettable conclusion that the Negro's great stumbling block in the stride toward freedom is not the White Citizen's Council-er or the Ku Klux Klanner, but the white moderate who is more devoted to "order" than to justice; who prefers a negative peace which is the absence of tension to a positive peace which is the presence of justice; who constantly says "I agree with you in the goal you seek, but I can't agree with your methods of direct action;" who paternalistically feels he can set the timetable for another man's freedom; who lives by the myth of time and who constantly advises the Negro to wait until a "more convenient season."
