Since you mention high school... I'm gonna guess US. If you want to be specific, and I am just guessing my way (don't worry), I'm gonna say California, or Texas.

Canada is a second guess.

@ BN: I usually tend to associate with America or Canada. I know there are other places, but those are the more common places.

I am more used to having them called Secondary School. ^.^; We have Primary, Secondary, and Tertiary Education here in Singapore.

Well uh Singapore since you said 'here in Singapore'.

What's the deal with rainbows? I mean sure, they are pretty, but why do people think they're gay? So there's a rainstorm, then it stops and the sun comes out. When people look at the new rainbow, do people think, "Oh, it's pretty!", or do they think, "That's gay"? What is up with that?

for the person who said "florida", you are close but not quite right. the person who said California is the person closest to the correct answer. here's a hint though: I live in the pacific northwest.

The Celestial Empire of the Arians - Arian Empire

The Arian Empire is a multiversal empire spanning 303 multiverses. After conquering its homeworld of Meonia through blood and fear, the empire managed to create several portals leading to other universes. The government is led by Amaranthinos, an immortal sorceress who was once a marshal of the army. She is known for her forced conversions of entire worlds and is famous for managing a harem.
