Faith of The Verse, Man Made Origin.

Some prog metal shit no idea where it came from.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

My brother mentioned that band and I've liked them ever since. One of my all-time favorite electronic music bands.

I am letting this nation die. I may or may not return after a long fucking while. I need a break from all the LYING AND CHEATING.

Oh, wait. That'll probably continue. I'm gonna pretend it's not happening, then.
