Wonder if I should rewrite this in Altglish based on recent retcons.

I mean... unless your retcons go all the way back to before Old English transitioned into Middle English, why would you use English/Altglish at all? It wouldn't really make sense to take all the Romance influence out of the language unless the Anglo-Saxons just never saw contact with the Franks.

Sounds very threatening and intriguing, especially with the formatting. It was what first hooked me into reading the lore.
