One day when Ninja is closing up shop, he sees a woman named Tiny Japanese Girl riding up on a Shetland Pony to deliver a package. Despite being tiny like a dormouse, short like a bungalow house, minute like a pixie, and how normal people can't even see her, Ninja immediately fell in love. He then starts a relationship with Tiny Japanese Girl.

Ninja, after saving up a large sum of money, takes Tiny Japanese Girl on a ride in his newly-bought Saab 35 Draken fighter jet on their first honeymoon, TJG thinks that it's a bit too extravagant for a celebration, but just went along with ninja. Unfortuntaely, Ninja isn't allowed to bring his Draken back to his home.

Ninja and Tiny Japanese Girl end up shooting down the Ethensian Eurofighter Typhoons but then end up colliding with a Nationstates International DC-10 piloted by our old friend Fat Susan, who got bored with being a trucker and decided to become a pilot instead.

The DC-10 surprisingly managed to land, even with the Saab 35 Ninja was piloting being lodged into it. After Ninja and Tiny Japanese Girl were apprehended by Prefectural Police and tried in court, they surprisingly got off scot-free, and Ninja now spends most of his time repairing the heavily damaged Draken, with Fat Susan occasionally assisting him during his repairs.

Ninja manages to escape from Japan after fixing his Saab 35, but not before said plane was destroyed during a typhoon. Instead he and Tiny Japanese Girl escape aboard a different but identical-to-the-old one DC-10 that Fat Susan was piloting. And it looks like our other old friends Woman and Girl are passengers on said plane.

All four of the passengers are having fun watching AI generated SpongeBob on the inflight television screen.

Samurai, who looks like Japanese version of Jack Black, was training some students when a messenger burst into his training grounds. He told him that his friend Ninja was killed by North Korean assassins trying to (successfully) save a DC-10. A single tear rolling down his face, Samurai Black dismisses his students and heads off to Pyongyang to exact his revenge.

Samurai Jack Black celebrates and thanks everyone, he is at the party for 5 hours and gets drunk, he drops his Saab 35 Draken fighter jet keys in the water and they are lost, he walks "home" to an elderly lady's house. She welcomes him and has him sit down, she hands him cookies, and says "My you look drunk dearie, want some pills?" He replied yes, and he took them, 5 minutes later he remembered his address and went home, he lays down and went to sleep, and unexpectedly woke up to a Severe Thunderstorm Warning/Tornado Watch, he got out and brings his friends and family to the shelter, everyone's phone buzzes as the warning launched, they waited 45 minutes, it was over, it was an EF3 tornado, and he goes to sleep, feeling woozy and his chest starts hurting, he thinks it's just nighttime pain, so he goes to sleep. but in actuality, it's the pill, the elderly woman was a spy, and her house was attractive to drunk people so it was perfect to host his potential **death**.

Samurai Jack Black Junior joins the gang despite only being fifteen. And he fell in love with Girl for whatever reason, much to the anger of Tiny Japanese Girl. The five people travel to Florida aboard another flight, but then get there only to find that a hurricane named Idris is rapidly approaching and is strengthening into a category 4 hurricane, preparing to cause massive destruction across the state.

Samurai Jack Black emails the student's parents that he is "retiring" but he is making an insane decision. In the hurricane, he stays, waiting. 6 hours later, Samurai Jack Black, is swept away by the hurricane, destroyed in the process. His last words were "My death was an option, I will regret it or not, I love you all."

New man.

That was an insanely tragic story.

In the aftermath of the hurricane, our three other friends end up meeting New Man and his parrot Eric, who has decided to become a pirate for totally not cliché reasons. He, Woman, and Fat Susan decide to go on a plundering binge of the Caribbean, but are hampered by that year's unusually active Atlantic hurricane season: New Man's ship ends up capsizing in the eye wall of another hurricane named Paula somewhere off the coast of Cuba. This brings their three stories to an untimely end.

Girl does end up surviving, though she is now homeless as her house was destroyed by Hurricane Idris as it moved over the state.

New man named Phil. Not Dr. Phil, just Phil.
