That was my initial reaction, too. You can tell she's talented, but the music is a little mainstream and gives into those milder pop tendencies from time to time. I prefer the slower songs on the EP (e.g. "Coffins," "Vagabond"), and "Imagination Infatuation" stood out to me on first listen, too.

I was listening to the Police on record, but my record player just ran out of battery power... ☐

And I'm too tired to go charge it right now.

Definitely decent, but still not sure my full opinion on the EP.

Pele-Gymnastics

Went to their official website. They have a video of them performing a five-minute "Imagination Infatuation" for a small audience acoustically and with a trumpet solo. Absolutely the best thing I've heard from them yet

Still nothing.

Again one of my fav ND tracks. This song is more brutal than half of the "brutal" death metal bands.
