Isn't linking your last.fm page a less tiring way to share every song you listen to with the people on NationStates?

I dont have one, I usually listen to an entire album, or listen to music via my radio or via YouTube, or, in this case, via TV.

*Intro* - Bushido

Allright, I didn't really get from your post that you listened to CDs (: I get why you prefer that but for me it's just not practical if you want variation.
