Depends on what album you're enjoying ☐

Käärmenäyttely - Amis Hoppari

Finishing this humor thrash album. After that I'll go with dsbm and funeral doom because there's fucking snow everywhere... after 2 months!

It is her most lackluster. The tracks still have an interesting sound to them, but I didn't really like her newest as much as the others.

Prince Johnny is one of my favorites, though.

Yeah, the first tracked was good then it died down, then picked up again for me with Huey Newton.
My favorite so far is Digital Witness.

Steven Rippey-Age of Mythology soundtrack

You bastards made me listen to this again. In your infinite arrogance, you brought up Age of Mythology. It's past midnight, I have to get up at five for school tomorrow, and you bastards had to remind me of Age of Mythology's soundtrack. Thanks for depriving me of another hour of sleep.

The musicianship is truly excellent, though.

Never actually listened to that soundtrack, though I need to.

Sounds about right. Not too much into hip hop but I like 2Pac and some random older hip hop.
