Other than the national religion it seems like my type of place!

To bn: What is wrong with that? I'm sure someone who is Hindu  
would rather live in a place that practices Hinduism.  
I am totally fine with people practicing other religions I would just  
rather live in a nation that is Christian.

Pretty much just the United States with very minor differences, so yes.

Aside from their Supreme Leader and some of their laws, I think this wouldn't be a bad place to live at the very least.

1. Excessive taxes
2. Bureaucracy
3. Difficult to find housing
4. Bad work-life balance
5. Hard to make Bellconian friends
6. Lack of public transport

As they listed in their factbook, would all be dealbreakers for me.

I'm actually kinda scared of the idea of space travel, plus TNF apparently has some issues with prejudice, supremacy, and abridging civil rights. I guess this means I'm doomed to die on earth with its collapsing biosphere, but maybe that wouldn't be so bad? ^~^;
