Yeaaaaah but it's also their ~worst~ album thus far.

Aquarian, Sleep.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

The funny thing is that "worst" implies bad.

(I'm not listening to anything right now because my brother's computer decided to blue screen on me. So I'm posting from my (less accessible) computer while his restarts).

Bad for a radio friendly heavier rock album? No.

Bad for a Mastodon album? Yeah.

Inside The Sun, Sleep.

Good album nonetheless. But I agree that it is NOWHERE NEAR their other albums.

Still nothing. Fuck.
