notes post count and nation age pfft! Obviously some wet-behind-the-ears greenhorn!

Very well known, I'm sure.

Daughter nation of The Unified Provinces of Rhanukhan, originally created during the course of roleplay events back in 2008. The accounts relating to it in Rhanukhan's own factbooks are deliberately vague as the people of Rhanukhan are unaware of many details regarding the island. As such I've established it as a separate nation in order to provide greater insight through its own factbooks.

I've seen 'em a few times before in other forums, especially in Out of Context. I say pretty well known.

Though the flag is from Hunger Games, the nation itself does not have THE Hunger Games.

NS Stats and Policies are mostly not cannon, working on a Factbook to state what is and isn't cannon.

This nation does not reflect my political or personal views

Not that well known, especially on the forums, relatively new.

I've seen a couple of nations that are apparently based on the same game, but this is the first time I've seen this one. The low post count for several years of existence isn't encouraging me to think that they're widely known by anybody else either.
