Monkey 4926, in sheer hatred for the death of 4927, does what none of his ancestors could do.

He went full postal on AN. Filled with the anger of a thousand suns, he assembled a coalition of six monkeys. Himself, 4925, 4924, 4923, 4922, and 4921 to invade AN and let hell loose. During his crusade, he and his bretherin accompanying him in this battle valiantly sacrificed themselves in the name of monkeykind. They took 47 men with them, but they are now martyrs.

Monkey 4915 not technically a monkey, but an orangutan. He was so offended by this misnaming, he killed himself via glass shards attempting to break back into the orangutan enclosure in his zoo

stuff

Monkey 4914 ate 10 pounds of licorice and had heart spasms that made the left ventricle vibrate, which caused it to have seizures.
