The government is a literal mob rule, and quite openly embraces "ochlocracy." Impressive.

The home system of the Empire, Holdfür, was split in two. On one side the Vilician Empire and the Blyamet Federation, a corrupt religious state which starved its own people to keep them loyal to the state religion. The Blyamet, despite being smaller in size, defeated the Empire 100 years previous, by ransacking the Vilician capital causing 500,000 deaths, due to their technological superiority. The Empire was forced to sign unequal treaties, weakening the Empire for decades and led to subsequent famines due to most food produced by Vilician farms being taken by the Blyamet.

Inkopolitia is a country with 257 million inhabitants, located on the western region of New Squidland, otherwise known as South America. It was first settled in the early 15th century by evolved intelligent humanoid squids who were moving to equatorial waters due to shifting ocean temperatures. Seven settlements formed a confederation in the 17th century, and Peru tried to invade in the 19th century. The country was neutral in WWI at first, but joined the US and Great Britain after Germany attacked. Afterwards, the country became more isolationist again, and is today a centralized elective monarchy.

Society is heavily focused on individualism, extroversion, fashion, and ink fights. It has been matriarchal throughout its history.

They rule over a total of 70 planets with a total of 26 quadrillion people overall. The Commonwealth is considered the pinnacle of human civilization and proof that, despite war, genocide, and every manner of disaster, humanity is able to not only survive in a perpetually hostile universe, but also thrive.

**Kabzeel**, meaning "God's Gathering" in hebrew, is a federal, dominant-party, socialist(non-marxist)constitutional monarchy with a rich Jewish heritage dating back to it's creation in 845 CE. Today, it spans almost the entirety of Eastern Europe and is the largest predominately Jewish and female-led state in the world as it follows the doctrine of "Royal Socialism", a paternalistic conservative ideology with an emphasis on socialization, social ownership, and conservative feminism. Its relationship with Israel is noticeably rocky, but this is due to the ongoing complications between Kabzeelian and Israeli Zionism.
