Can't kill a leader who is literally a waffle, so I'd think you'd just be internet shamed to death.

We do a complete background check of the victim, if victim didn't have good records, the criminal will be sentenced to a year in prison. If the victim didn't do anything bad and had a good record, 25 years in prison or death.

Hefty fine if not used, jail time if used, but didn't hurt/kill anyone, death sentence if it hurt or killed someone. There are exceptions, though.

According to the Wallingtonshire Penal Code of 1871, if it is seen as an insult to His Majesty the King, it could be a jail term of not less than 3 and not more than 10 years.

However, practically speaking, in these days the law isn't enforced as the official government is powerless, so to say. However, if unofficially a gang leader (rival gangs are the real masters here) were insulted, the fellow could find themselves dead within a week
