Listening to my criminal justice professor teach a lesson in college here in Texas.

#### National Anthem

"One of the serious problems of planning against Aggie doctrine is that the Aggies do not read their manuals nor do they feel any obligations to follow their doctrine."

"The reason that the Aggies does so well in wartime, is that war is chaos, and the Aggies practices chaos on a daily basis."

"If we don't know what we are doing, the enemy certainly can't anticipate our future actions!"

When I get round to it I will have a national factbook as well but meh.

Also please note that I generally post once on NSG to state my opinion the chances of me replying are little to none. But in an RP I will be active.

I am letting this nation die. I may or may not return after a long fucking while. I need a break from all the LYING AND CHEATING.

Oh, wait. That'll probably continue. I'm gonna pretend it's not happening, then.

Woah I love Talking Heads.

21st Century Schizoid Man, King Crimson.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
