The reasoning behind that is complicated and I'd rather not post it ITT because it's pretty off-topic.

The short version (because I remember talking to you about this before) is that I had a conversation with the guy I liked and it pretty much got rid of my anxiety. That put me in a good mood and the Voltaire keeps me there because it's a common interest. (And he makes entertaining music.)

Threw It On The Ground - The Lonely Island. I must say, they do make pretty funny music. Jack Sparrow with Michael Bolton is probably their best.
