Massive Assault - *Aggressive Depression*

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Grave - *You'll Never See...*

You will never see... heaven

Take my hand and walk with me until the end  
You will never see heaven

Come and walk with me my friend  
I will guide you to the end  
Into the grateful pit  
Into the ever black  
Where there is no return

You will forever rest

You will never see heaven  
I'm the one to set you free  
I release you from this life you live  
I seal your destiny  
And you will writhe in pain  
As I make you one  
With eternity

Take my hand and walk with my until the end  
You will never see heaven  
John 3:16 + Mark 15:34  
Burst of laughter when you die  
Your belief won't save you now  
In your pit you lie naked  
Forever dead and mutilated

Come and walk with me my friend  
I will guide you to the end  
Into the grateful pit  
And you will write in pain  
As I make you one  
With eternity

Take my hand and walk with me until the end  
You will never see heaven
