NS Stats and Policies have been drained for their Thaumaturgic Energy, and thus only factbooks are canon for this nation.

Seriously, I put a lot of work into them, don't let that be for nothing

In a nutshell: A flawed but ultimately well-intentioned libertarian socialist federation set in a fantastical sorta-post-apocalyptic world inspired by [New Weird](#) and [Cassette Futurism](#), on a rugged and only partially tamed continent of scattered ancient ruins, bustling fortress-cities, beautiful but alien wilderness, and above all, boundless hope and opportunity for those willing to fight for it.

Hey, that is a good use of hyperlinking for the sig. If I want to know why these former nations had beef with each other I can click only once to get this nation's perspective and then another time to get the other nation's perspective. If there were no hyperlinks this would take a few more minutes out of the day for me.
