Monkey 2131 realised that monkeys who aren't outright stated to die most likely die from whatever was mentioned in the posts surrounding them. Unfortunately, he was sitting in an electric chair for whatever reason.

Monkey 2130 was the foreman of the jury who sentenced Monkey 2131 to the electric chair for a murder that Monkey 2132 actually committed, Monkey 2130 died of guilt.

Monkey 2129 wondered how Monkey 2131 didn't realise Monkey 2134's button killed the monkeys where nothing even remotely fatal was mentioned in the posts, as if the posters failed to understand the genocide.

Then it hit him like a ton of bricks. A one ton cube of bricks, that is. At 79.5384 meters per second.

Jebslund is a nation of kerbals ruled by Emperor Jebediah Kerman. We reject tyranny, believing that rights should be protected, though we also believe said rights end where the rights of others begin. Shockingly, we \*do\* use NS stats, with the exception of lifespan.

Monkey 2127 was parachuting without a parachute or goggles from the edge of the atmosphere. He survived, but killed his entire family. He died of guilt.

Monkey 2113 created a deadly, highly contagious virus that infected and  
killed all other monkeys.

Monkey 2112, as well as all monkeys after Monkey 2112, was immune to the  
disease. He got hit by a car while crossing the street. The car being a fully  
loaded lorry, and the street being a highway.
