Yugoslavia's back baby...

...

How the hell did this happen?

Well...we don't actually know. Sure, there's factbooks and stuff, but they don't really matter because the owner of this account is a lazy, unproductive, indecisive loser who may or may not have a thing for half human hybrids, big mechs and even bigger ships.

Is it a reunited Yugoslavia in the 21st century? Is a rebel colony world in the far future? Who knows, who cares?

New Yugoslavia just is.
