Animal Collective, boy they are great.

I think I need to give them a more reasoned chance then I have. They're single on the radio annoys the crap out of me but other stuff I've heard isn't so bad. I just think that they're not as good as they used to be, I'm not sure.

Wait, am I thinking of Modest Mouse or Animal Collective? *has suddenly confused himself*

Anyway, done with that electronic/post-rock album (which was decent), on to their more electronic stuff.

It was Modest Mouse that I'm thinking of with the annoying single, but I've heard other stuff of theirs is good and it seems like I heard a good song.

But [Float On](#) gets on my nerves.
