"My name is Amadeus Freidrich. I'm 33 years old. My house is in the northeastern section of Level 22, where all the villas are, and I am not married. I work as an employee for the Schnitzel Richtig department stores, and I get home every day by 8 PM at the latest. I don't smoke, but I occasionally drink. I'm in bed by 11 PM, and make sure I get eight hours of sleep, no matter what. After having a glass of warm milk and doing about twenty minutes of stretches before going to bed, I usually have no problems sleeping until morning. Just like a baby, I wake up without any fatigue or stress in the morning. I was told there were no issues at my last check-up. I'm trying to explain that I'm a person who wishes to live a very quiet life. I take care not to trouble myself with any enemies, like winning and losing, that would cause me to lose sleep at night. That is how I deal with society, and I know that is what brings me happiness. Although, if I were to fight I wouldn't lose to anyone."

— Amadeus Freidrich, before leaving the planet

"Nothing remarkable. Amadeus lives a quiet life, but so do many, many more. His complete joke of a nation I had previously considered a poorly done joke by the Surveyors, but after seeing it myself, I'm simply more disappointed than I was before. Ravensburg as a whole is...pathetic. It crams so much into such a small space, that it all loses utility. Amadeus himself has made no political achievements. No military victories. Nothing noteworthy. Considering this lifestyle, it may very well be due to it, but I am nonetheless disappointed that such a pathetic leader could have ever come to power, especially in such a seemingly "advanced" nation."

PMT/Early FT - Decopunk. Zitravgrad is a crowned republic in a planet somewhere else in the universe. The formerly wartorn nation keeps a facade of normalcy and order while enjoying the societal and cultural decadence that

marks the new Roaring Twenties. The paranoid authoritarian government tries its best to uphold order in the face of uncertainty, while its people want nothing more than a breathing space. A deal that works, but maybe not in the long run. |

"I'm torn between my hatred of all xenos and how terrible of a ruler she is and my glee at how her nation will fall apart and be easy to invade once her secrets come to light. She'd be executed in a second if she was one of my queens. There are few things more vile than risking destabilizing your nation by assassinating the legitimate rulership in a petty selfish power grab. She also uses her resources to cover up her killings instead of anything useful. Never mind that if she wanted a cover for her sadism, she could just declare them enemies of the state. Though if her people ever find out just what she is doing to fulfill her undisciplined sadistic streaks, it would give us a free casus belli to invade to bring her to justice. We'd not only get to execute her, but the people would welcome us with open armies, at least until we start putting them in camps."
