Master Man, who only appears briefly, blesses New Albino with supernatural abilities.

Afterward, Master Man disappears once again to watch over the multiverse.

Albino moves to Guyana, and moves it to the Mediterranean sea.

I dunno, Terry Pratchett?

Al finds none other than Neil "Smoke" DeGrasse Tyson in their basement, staring ominously at a projected image of the Messier 106 galaxy on the boiler.

OOC: it's been a really long time since Jeff was mentioned in this thread.

Al also finds Jeff next to Neil, making a sandwich for his breakfast.

Jeff, Joe, Neil and Man establish a nation, named the Confederacy of Zchbgrajcsdmhmcaurgrybb /zxpɹ:aʒ:θ:dɹ:m̥:q̥x:nkʰɔ::rɹ:jəβ/. As it just occurs, the territory claimed includes where Lavitz (from Aila's team) was born, and a friendly rivalry develops within Aila's team because of that.

Man gets word that just two days into the creation of The Confederation of Zchbgrajcsdmhmcaurgrybb, the nation is getting invaded by Núi và Sông, so man orders Jeff to contact the embassy of San Vitenzo.

The Guyanan military, knowing where these things go considering their history, bombs the new Confederation killing Man, Jeff, Joe and Aila. (Neil lives)

New man.

While Man, Jeff and Joe indeed died, Aila actually did not; she turned up seemingly unharmed 3 weeks later at her spacecraft.

Newer man dies of confusion because this forum is getting confusing

New Man

I'd say this nation is about 85-90% representative to my beliefs. About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up
